

## Presenter Profile

---

**Michelle Hunte**  
**Program Manager, Digital Initiatives Engineering,**  
**Sustainability & Prototype**  
**Walmart Canada**

Michelle Hunte is a Program Manager in the Engineering, Sustainability and Prototype team at Walmart Canada. She is focused on delivering digital solutions that enable the facilities maintenance team to deliver high-quality service and implement cost-effective programs. With ten years of Facility Management experience, she has a solid understanding of operations and can find solutions that drive efficiencies, reduce costs and support sustainability goals.

Michelle is a University of Toronto alumni with Honours Bachelor Degree of Economics and Philosophy. She holds a designation in Facility Management Professional from IFMA. Michelle was a Director on the Toronto CREW Board from 2022 - 2024. Also, she was a Director on the CREW Network Foundation Board from 2020 – 2022. In 2023, Michelle was selected as a ULI Women's Leadership Initiative Champion and was awarded a Pathways to Inclusion Scholarship. Michelle is a former Chair of the Inclusion, Diversity, Equity and Allyship (IDEA) committee, 2019 Chapter Delegate, and was the recipient of Toronto CREW's 2020 Rising Star Award.
